TYPES OF SHIPMENTS AVAILABLE

We ship full containers loads (FCL) or less than container loads (LCL) from Miami to Barbados every week. You can take advantage of our all inclusive "Hassle Free Service" or breakdown our service based on your needs.

We also offer personal effects boxes and air freight - twice weekly - through our sister company Bajan Pack.

FCL CONTAINERS

We have flat rate shipping prices for 20 ft and 40 ft containers.

You can take advantage of our full service or request a breakdown of services to suit your needs.

LCL SHIPMENTS

Not shipping enough to fill a container? Take advantage of our regular LCL shipments.

customise your shipping to suit your needs

We can provide a full breakdown of services and prices so you can choose what best suits your needs. Once cargo arrives in Barbados, you can opt to have your broker/trucker do your clearance and delivery. However, we highly recommend our all-inclusive hassle free full service package.

take advantage of negotiated rate arrangements

Shipping rates may fluctuate based on fuel charges or the shipping line. At Coral we negotiate the best rates with our shipping partners and lock you in for a 12 month period. NRAs or Negotiated Rate Arrangement's make it easier for you to budget and plan your shipping expenses.
